LED LIGHTING

Now the government has been finalised after the Federal Election all of those who want to help themselves and the planet now is the time to think of changing your halogen or incandescent lighting to LED. The technology that is now available to us with LED lighting means there is normally an equivalent LED globe for most applications.

If you follow us on social media you would have seen Miles' video on updating your light switches and powerpoints. Thinking of selling your home replacing those old fashioned switchplates can really make such a difference. The trend for a lot of Vendors is to engage a stylist to style their homes why not add new switchplates to the styling of your home. Rental properties can also benefit from an upgrade of switchplates as agents advertise this to lure prospective tenants to a property.

LEGRAND'S AQUA LIFE RANGE

Legrand has developed a sleek and modern range of outdoor weatherproof switches and sockets. Suitable for the Australian harsh climate.

There is 2 mounting options shallow and surface mount. The shallow mount option is ideal for residential applications as this allows for a discreet and unobtrusive finish.

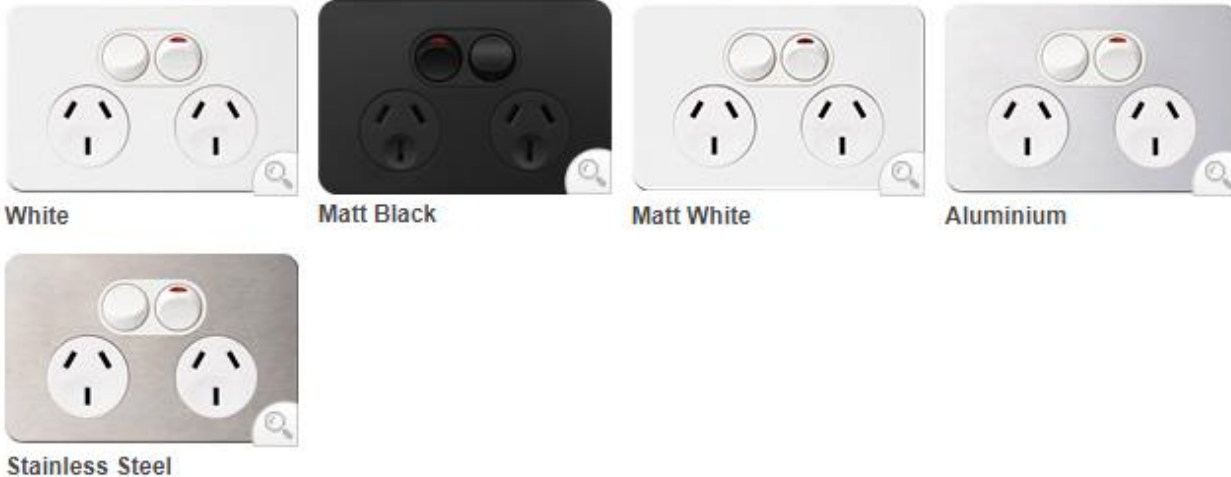

There is also a smart range includes a USB A+C fast charger and Arteur adaptor. <http://www.legrand.com.au/products/switches-and-sockets/aqua-life/>
