ELECTRICITY & WATER DON'T MIX

If you think that your electrical system appears to be playing up after our recent rain event, please don't try and fix it yourself and engage a qualified electrician ASAP.

Common signs are tripping circuits, buzzing noise, burning smell or arching of power points or switch plates.

ELECTRICAL SUPPLY CHAIN DELAYS

Like the supermarkets the pandemic has also affected the electrical components supply chain. With lockdowns happening worldwide the increase for technology and entertainment components as people work from home there has been an increase of demand on products.

As Asia is the assembly workshop of the world and they have been hit with strict lockdown orders as well has had a knock on affect in the supply chain.

Copper and PVC are in short supply and pricing of products is ever increasing and word is this trend of price increases will continue.

Please understand the effect this may have when we are carrying out your work as the component may be in short supply and causes delays in your work being carried out.

WELCOME TO JORDAN OUR 3RD YR APPRENTICE

Jordan started with Astley Electrical just before the lockdown last year so many of you may have already seen him working on the job. We welcome Jordan on board with the Astley Electrical Team.

NEW PRODUCT HIGHLIGHT

CLIPSAL/SCHNEIDER ICONIC NEW OUTDOOR RANGE

The Iconic outdoor weatherproof products was awarded the Good Design Australia Award for 2021

This product matches the existing Iconic range and new offer features:-

- Enhanced durability. Bevelled edges are purposed built to deflect impacts and prevent the build up of dirt.
- Water resistant. Integrated shutters seal the socket apertures to prevent water ingress, ensuring an IP54 protection rating. The switches are rated IP56.
- Reduced install time.
- The hidden press-to-release lock means you can easily replace the cover.
- Perfect to control pool pumps, fountains and appliances through your smart phone or tablet.
- Available in Matte black and Matte white.

For more product information see Clipsal website:
